The French Gourmet proudly serves Diestel Turkey.

**Diestel Turkey... A Difference You Can Taste!**

- **Tender and juicy with old-fashioned flavor** - A Diestel Turkey is consistently better - tender and juicy with that old-fashioned turkey flavor you can really taste.
- **Range Grown** - Diestel Turkeys enjoy the freedom of being range grown in the clean Sierra Foothills with individual care and raised longer (approximately 6 months) to develop flavor naturally. Our turkeys are fed a wholesome low fat vegetarian diet of quality grains and soybeans milled on the ranch - free of growth stimulants and hormones.
- **Family Ranch Since 1949** - Diestel Turkeys are grown, processed, and delivered directly to you by the Diestel Family Turkey Ranch - family owned and operated since 1949 - working as one of the last small, family owned turkey grower-processors in the United States.
- **Broad-breasted** - Diestel Turkeys provide excellent value - more meat, less fat and less water than a commodity turkey.
